Woodinville Water District Has New PO Box Address for Bill Payments

Effective in October, 2009, there is a new PO Box for mailing in customer payments. The new address is:

Woodinville Water District
PO Box 94210
Seattle WA 98124-6510

New self-addressed envelopes are included with each bill that is mailed to customers, but for those customers that send their payments electronically through their personal on-line banking program, you should contact your bank and make the change to the new address.

For your convenience, you can also pay your bill by signing up for electronic funds transfer or by using your Visa or MasterCard. Just call our office during regular business hours of 8:00 am – 4:30 pm and we will assist you. Please do not leave credit card or personal bank information on our voicemail system. We want your transaction to be very secure, so please only provide that information to our customer service staff during regular business hours.

If you have questions about paying your water bill, please call our Customer Service staff at (425) 487-4100.
