

**WOODINVILLE WATER DISTRICT  
KING COUNTY, WASHINGTON  
RESOLUTION NO. 3973**

**A RESOLUTION of the Board of Commissioners of Woodinville Water District, King County, Washington, related to the system development fees imposed as a condition of connecting to the water supply system of the District and repealing Resolution No. 3925.**

**WHEREAS**, pursuant to RCW 57.08.005 (11), Woodinville Water District (the "District") is authorized to charge property owners seeking to connect to the water supply system of the District, as a condition to granting the right to so connect, in addition to the actual cost of connection, a reasonable connection charge so that property owners seeking to connect to the District system shall bear their equitable share of the cost of that system; and

**WHEREAS**, it has been determined by the Board of Commissioners of the District that the cost of the water supply system of the District is most equitable when distributed among the customers of the District through the imposition of the connection charges and fees provided in this resolution; and

**WHEREAS**, the Board of Commissioners previously determined to periodically adjust the District's water system development charges based on the percentage of change in the Engineering News Record (ENR) construction cost index, and the Board of Commissioners has determined it is necessary and appropriate to adjust such charges; **NOW THEREFORE**,

**BE IT RESOLVED** by the Board of Commissioners of the District that, effective January 1, 2021, the following charges and fees be imposed and paid as a condition of connecting to the water supply system of the District.

1. SYSTEM DEVELOPMENT FEES

Section 1.1 In addition to any other charge or fee imposed by the District, a system development fee shall be payable for all connections made to the water supply system of the District, provided that real property presently receiving temporary water service pursuant to an extended water service agreement shall be deemed to have paid the system development fee as may be set forth in any such extended water service agreement.

Section 1.2 The system development fee shall include the Seattle Facility Charge and shall be imposed according to the size of the meter serving the property as follows:

Section 1.3 Whenever a property owner shall exchange a meter of one size for a meter of a larger size, that property owner shall pay the system development fee for the new meter less the system development fee previously paid for the existing meter.

2. OTHER CONNECTION CHARGES

The District shall also charge the property owner all actual costs incurred directly or indirectly by the District as a result of a requested connection, including, but not limited to, all engineering, legal, administrative, and inspection costs.
